VETERANS HAVE GOOD TIME

Indian War Veteran Tells of the Hospitality of Nephi People

FINE DRY LAND CROP EXHIBIT

If you will allow me I will give your readers a short sketch of the late Indian War veteran's gathering at Nephi.

Comrade Isaac Bowers and wife and myself were all who went over to Nephi on that occasion. We were met at the Nephi station by members of the Reception Committee, with vehicles who conveyed us to any part of the city to which we desired to be taken free of charge. At 2 p. m. the large encampment assembled at the stand in the City Park; after singing and prayer Mayor Whitmore, in a neat little speech of welcome, gave us the freedom of the City. He was followed by an eloquent speech by President Paxman of the Juab Stake. Then followed a fine program which was composed of songs, toasts, and recitations and speeches.

The Moroni Martial bard discoursed fine music alternately with the Nephi Silver Band, each vying with the other in bringing out their sweetest notes. At night there was dancing and moving picture shows, and other entertainments all free to the war veterans.

One of the finest speeches made there was an address by Judge Greenwood of the 3rd District. One feature of our entertainment was the singing of two songs by Miss Jennie Kempf; the songs were "The Last Rose of Summer" and "My Old Kentucky Home." Miss Kempf numbered among the sweetest singers in our state.

On the last day of the encampment we were honored by the presence of Governor Wm. Spry and Congressman Joseph Howell. Mr. Howell was the first speaker and said, in part: "Sixty three years ago Daniel Webster declared this country of ours to be a desert of shifting sand, and of no value whatever, but you, my friends have transformed these valleys into beautiful fields and in order to do so it became necessary to meet the aborigines in battle; you met them, you conquered them, and have reclaimed the country and made it possible for us, the younger generation, to live in peace and enjoy the blessings of a higher civilization. Mr. Howell was followed by Gov. Spry. The Governor said: "The Congressman delivered my speech, and I will endeavor to give you his. I am well pleased to meet you people here. The idea of these gatherings from year to year. I hope these meetings will continue to exist for ever. I believe the young men and the young ladies will make one of the greatest states in the nation; by following the example of our veterans who first settled here. Our old men and old women, by your industry and frugality, have accomplished everything, your works are the marks of the past. I honor you for your sobriety, your honesty and industry; the young should follow your example and build upon the foundation which you have laid for them. You have succeeded in forming a nucleus of supplies for the Pacific slope. I want to say to the young people stay home in Utah and help to develop the great resources of your own state, and upon the foundation of our fathers and mothers, that you their children may realize the dreams of your fathers. It is your duty and privilege to create and enjoy all the luxuries that can be made to produce."

Just as fine wheat, oats and hay as I ever saw anywhere, all of which were the products of the dry farming. There were also potatoes which were fairly good; also peaches which were told by one of the exhibitors that they farm grain, products would be raised by the grain raised by irrigation as much as 50 per cent. There were on exhibition, I presume, hundreds of samples of wheat, oats, barley, potatoes, squash, also bran, shorts, and feed in great abundance; all the products of dry farming. I will say to you, that which we saw, and enjoyed while we were here, and our late reunion; not forgetting the treatment, by the citizens of Chicago, will always be a happy and profitable remembrance.

The batteries: Johnson and Peck. Cook and Holst.

SPANISH FORK HAS

LOTS OF FUN WITH NEPHI

Last Friday the Spanish Fork base ball team went to Nephi to cross bats with the Nephi sluggers. Upon arriving there they were confronted with a combination of Nephi, Ephraim, Milford and a hobo from Denver. This aggregation was going to beat Spanish Fork to a queen's taste and when the game was called everybody was confident of Nephi's winning, but this is how it turned out.

The Nephi sluggers could not find Cook very often and when they did there was always someone there; on the other hand Jeff, the Milford pitcher was found for about 30 hits. The game was one continual round of pleasure and when the grand total was added it was found that Spanish Fork had crossed the plate 15 times and Nephi had 3.

The feature of the game was Dudley Grabbing Cook's curves behind the bat. Dudley is a veteran catcher and is right in line with the best of them.

To Disinfect Clothing.

It has been proved by experiment that it is possible to disinfect clothing very satisfactorily by ironing. Clothing which has been worn by children affected by various contagious diseases, and which contained bacteria or pus, diphtheria and the like, was sprinkled and ironed. It was then rubbed on plates of gelatin prepared for the culture of bacteria, but not a single colony was developed.

Ended All Argument.

"The citizens of Christiania have had a queer experience," writes a correspondent from the Norwegian capital. "An enterprising business concern erected in the Karl Johann street, the principal promenade, a heroic statue of Mercury, for advertising purposes. The figure was so scantily draped that some citizens protested, with the result that the police furnished drapery, which was torn away on the first night. A close watch was placed on the statue, which was once more clothed and again stripped. To end discussion, the police received orders to remove the statue, and now both parties claim a victory."

2ND WARD M. I. A. GIVES PROGRAM

Excellent Music and Speaking Features of Entertainment

Last Sunday evening the M. I. A. workers of the Second Ward entertained a large audience in the City Pavilion with a well arranged program, Roger W. Creer acting as master of ceremonies.

The ward choir, led by Fred Lewis Jr., sang "True to the Faith." Joseph Brockbank offered the invocation.

The choir sang "Make the World Brighter." Miss Jennie Bradford played a beautiful selection on the piano.

Miss Nellie Jones read a well chosen selection.

The Phillips Sisters sang a duet very beautifully.

Attorney Elias Hansen entertained the audience with an excellent talk on higher life. He said he understood higher life meant higher ideals, hope and activity. To be good he said meant to do during life more good than evil, the preponderance of the good over the evil ascertaining the standard of good.

A quartette was well rendered by the male quartette club of Second ward, consisting of Chas. Evans, Lars W. Nielsen, Fred Lewis, Jr. and Nathaniel Ludlow.

The choir sang in closing, an anthem entitled "Make a Joyful Noise Unto the Lord."

B. R. Stahman offered the benediction.

Next week the program will be given by the Third ward.
